Interview Summary

On August 29, 2005 Applicant phoned Examiner Philippe in regard to the February 9 2005 Office action which was mailed to the incorrect address. Examiner Philippe requested another change of address be filed and indicated that the office action would be resent to the correct address, thus resetting the time for response. As of today that office action still has not been received.

Applicant called Examiner Philippe this day to inquire as to when the office action would be resent. Examiner Philippe stated that applicant may file a response even though the office action has not been resent. Applicant's response is enclosed herewith.

Respectfully Submitted,

J. Carl Cooper
